2:30 - 4:00 Spirit Circle

4:30 - 6:00 Animal Spirit Circle

In Spirit Circle Mary creates Sacred Space in which each person receives personal messages from Spirit. You may receive communication from . . .

Angels

Ascended Masters

Deceased Loved Ones (Human and Animal)

Spirit Guides

Past Life Experiences

In Animal Spirit Circle Mary connects us with other species and intuitively gives each of us personal messages from those species. Your spiritual encounter with an animal will have purpose in your everyday life and give you insight on many levels.

In both Spirit Circle and Animal Spirit Circle, your message from Spirit will be specific to you. It may include . . .

Guidance for a particular situation

Deeper understanding of a relationship

Greater self awareness and acceptance

Connection with your source home

Insight for your chosen path or profession

Healing on different levels

During each Circle we may also receive group messages that will affect us all and have far-reaching results. We will follow Spirit's guidance in processing these group messages so we can be channels of energy for our families, our community, our country, and earth itself. In Spirit Circle in the quiet of Catherine's studio, you will experience your connection with the spirit world and with the oneness in all creation. Spirit Circle is truly a sacred experience.
